"HOSPITAL ACT."

November 17th, 1937.

PURSUANT to the provisions of section 36 of the "Hospital Act," being chapter 121 of the "Revised Statutes of British Columbia, 1936," His Honour the Lieutenant-Governor in Council has been pleased to make the following regulations:—

REGULATIONS.

1. All regulations made previously under the "Hospital Act" and amendments thereto are hereby cancelled.

2. For purposes of computing the days' treatment in respect of which financial aid to hospitals may be given under section 4 of the Act, the following days' treatment shall be excluded:—

(a.) For the care and treatment of Indians who are wards of the Dominion Government:

(b.) For the care and treatment of any patient whose hospital medical record does not contain a written diagnosis and progress notes, signed by a physician, showing clearly the need for the admission to hospital and the continued hospital treatment of such patient, or whose need for hospital treatment is not shown clearly by some other means satisfactory to the Provincial Secretary:

(c.) For the care and treatment of any person who has been an inmate of a hospital as a patient for more than three hundred consecutive days.

3. No person shall be admitted to a hospital as a patient except upon order of the Board of

Management or of some person authorized by the Board of Management for that purpose. Upon the admission of the patient, or as soon thereafter as possible, the attending physician shall report to the Board of Management a preliminary diagnosis of the disease or suspected disease from which such patient is suffering.

4. No patient shall leave a hospital until discharged by order of the Board of Management or of some person authorized by the Board of Management for that purpose, and except as hereinafter provided no discharge order shall be issued without notice from the attending physician that the patient is fit for discharge. In the case of any patient the Board of Management or the Chief Executive may require the attending physician to submit at any time a written statement as to whether the patient is fit for discharge, and, in the event of the opinion of the attending physician being that the patient is not fit for discharge, the statement shall contain the reasons of the attending physician for considering that such patient should remain longer in hospital. If, in the opinion of the Board of Management, such report and the medical record of the patient do not show that he requires to remain longer in hospital, the Board of Management may discharge such patient. In the case of any patient who desires to leave a hospital against the advice of his attending physician, this fact shall be stated on the discharge order made out for such patient. All medical reports relating to the discharge of any patient shall be added to the medical record of the patient. Discharge from the hospital by the Board of Management under the provisions of this section shall be solely withdrawal of the privilege of further residence within the hospital, and shall not be, and shall not be construed to be, discharge from medical care.

5. (a.) No person may attend or treat patients who are inmates of a hospital, or in any way avail himself of the facilities for medical practice in such hospital, unless he is a member in good standing of the College of Physicians and Surgeons of British Columbia, or, being a member of some other medical association, is vouched for by a member of the College, and unless he holds a permit from the Board of Management to practise medicine in that hospital.

(b.) The Board may at any time and from time to time, and without assigning therefor any reason, refuse, alter, modify, suspend, revoke, or cancel any permit applied for from or issued by it, and may again renew the same.

(c.) The Board of Management of every hospital shall organize a medical staff, of which every physician regularly practising within the hospital shall be a member. Such medical staff shall:—

- (1.) Meet at least once every month;
- (2.) Keep proper minutes of its meetings;
- (3.) Except in the case of hospitals employing a physician for that purpose, act as advisers to the Board of Management on all technical medical questions which arise in connection with the operation of the hospital;
- (4.) Subject to the approval of the Board of Management, appoint each member to a staff or honorary position within the hospital and specify the duties, responsibilities, and privileges appertaining to every such position;
- (5.) Assist and encourage the hospital to keep a complete case-history in respect of every patient, adequate morbidity and mortality statistics, and proper forms for use in connection with fetal craniotomies, abortions, curettages, sterilization, and the like;
- (6.) Review deaths occurring within the hospital, statistics regarding the progress of patients, methods of treatment,

results of surgery, and all cases of abnormal length of stay of patients in hospital, and make such recommendations as it may think proper:

(7.) Report to the Board of Management the name of any member who, without reasonable excuse, fails to attend the meetings of the medical staff or to participate in the performance of its duties:

(8.) Discipline its own members in such manner as it thinks fit, and, if circumstances warrant, recommend to the Board of Management the cancellation of the permit of a member to practise within the hospital.

6. The Board of Management of any hospital may exclude from the hospital or otherwise discipline any person who, after due notice in writing, refuses or neglects to comply with the provisions of the Act or of these regulations, or of the by-laws of the hospital, or with the provisions of any Act which concerns the hospital and the members of its medical or other staffs.

7. The Board of Management of every hospital shall designate one person as the Chief Executive under the Board, who shall be the representative of the Board, and shall execute all orders of the Board concerning the administration of the hospital, and in whom shall be vested, to the extent authorized by the Board, power to exercise the functions of the Board at times when it is inconvenient to call a meeting of the Board. It shall be the duty of the Chief Executive to attend all meetings of the medical staff and of the Board of Management and to act as the connecting-link between them. The decisions of the Chief Executive shall prevail on all questions of hospital administration, unless they are countermanded by the Board of Management at a regular or a special meeting duly called according to the by-laws of the hospital.

8. Every hospital shall, at such times as the Provincial Secretary shall determine, file with the Inspector of Hospitals, on forms to be prescribed by the Provincial Secretary, returns showing the following:—

- (a.) The number of days' treatment given to patients each month;
- (b.) Revenues and expenditures for each month;
- (c.) General information for each year;
- (d.) Movement of population for each year;
- (e.) Revenues and expenditures for each year;
- (f.) A balance-sheet of assets and liabilities at the end of each year.

9. (a.) Every hospital shall compile and record in one book or file a complete schedule, suitably classified and indexed, showing the regular charges of the hospital in respect of every hospital service rendered by the institution. A copy of the said schedule shall be filed with the Inspector of Hospitals.

(b.) Every hospital shall notify the Inspector of Hospitals of all changes in hospital charges, and shall notify the Inspector of all contracts made in respect of hospital services to be granted to the members of any society or association or to persons whose accounts are payable by any Government or agency established by Government or by any corporate body, partnership, or other business enterprise.

10. Every hospital shall install a system of accounting and shall maintain its records in a manner satisfactory to the Provincial Secretary.

11. Where there is within a hospital a patient who has ceased to need the care and treatment of the hospital, and whose removal from the hospital is prevented or delayed because of inability on the part of the patient or his responsible relatives or guardian to finance or otherwise to effect the removal and maintenance of the patient outside the hospital, the hospital

shall in writing notify the local authority responsible for providing public assistance to such patient under the "Residence and Responsibility Act," and shall request the local authority to arrange for the removal of such patient. In case any such patient has not been removed from the hospital fourteen days after the sending of such notice to a local authority, the hospital shall forthwith so notify the Inspector of Hospitals.

12. These regulations shall be effective as from the first day of November, 1937.
